TUG BREAKS WHEN RIG IS ON TRACK

Bailey Turns Back Somersault And Is Saved.

Horses Killed and Huggy Demolished By Illinois Central Fast Train.

HE IS FOUND UNCONSCIOUS.

With a "cannon ball" passenger train bearing down upon him at a mile a minute, and a broken track preventing his progress, Henry Bailey, 29 years old, of Pysburg, a few miles south of Paducah, on the Illinois Central road performed a circus stunt and today is alive. He turned a somersault out of the back of his buggy and escaped being ground to death. His team of thoroughbred horses and buggy are thought of the past, the horses being killed instantly and the buggy being reduced to kindling wood in the twinkling of an eye.

Bailey left home in Pysburg to drive to Wingo. He drove his spirited horses and while trying to cross the tracks of the Illinois Central they balked. He failed to hear the fast approaching train. It was No. 101, the fast Cincinnati-New Orleans flyer, with engine No. 1020, the biggest on the system, in charge of Engineer Joe McCann and Conductor Dugan. Bailey had little time to think. Bringing his whip down on the horses' backs he started them forward.

With a snap the trace broke and Bailey realized his desperate position. With a spring backwards he turned a somersault out of his buggy and landed in a heap beyond the tracks.

With a roar and a shower of cinders and dirt the flyer passed. McCann saw the train but too late to stop. His emergency brake tumbled passengers from their seats and the train was stopped within a remarkable short distance.

The horses were struck and instantly killed. The buggy was a heap of kindling wood.

Bailey was semi-conscious and was taken to his home in Pysburg, where medical attention was secured. No bones were broken but he suffers from concussion in alighting on his head.

JEWELS MISSING.

Chicago Police Seek Clue to Murder of Actress.

Chicago, Oct. 23.—Every available Chicago detective was assigned today to the search for the diamonds stolen from the room of Mrs. Margaret Leslie, the actress, declared to have been murdered in the Palace Hotel. That the jewelry was worn by the woman when she went to her room is admitted by the police who have questioned a score of witnesses. Upon its discovery hinges their only hope of unraveling the mystery.

DESERTERS

Tired of Their Confinement at Jefferson Barracks.

St. Louis, Mo., Oct. 23.—Charles W. Walter, of troop A, Thirtieth Cavalry, and Private John W. Taylor, of the Twenty-second Infantry, serving terms at Jefferson Barracks for desertion, today overpowered the guard and after securing his arms and money, forced him to accompany them to a point near St. Louis, where they boarded a car for the city.

COUNTERFEITER CONVICTED.

Capt. Hoynton Given a Six-Months' Sentence.

New York, Oct. 23.—Capt. Geo. Hoynton pleaded guilty today in the United States circuit court to the charge of being a party to a plan for counterfeiting silver coins of Venezuela for the purpose of financing a revolution in that country. He was sentenced to six months in the Kings county penitentiary.

STRUCK FLOATING MINE.

Russian Coasting Steamer Founders 180 Persons Drowning.

London, Oct. 23.—A dispatch received from Vladivostok by Lloyd's agency, says the Russian wooden coasting steamer Warjagla struck a floating mine and foundered on October 20. Some of her passengers and crew were saved, but 180 persons were drowned.

Bryan In Indiana.

Kokomo, Oct. 23.—Bryan is on his Indiana tour. He addressed a crowd of 4,000 here this morning. He also spoke at Nobles, Tipton and Peru.

JAPS

Receive no Encouragement From the Government.

London, Oct. 23.—The Tokio correspondent of the Express cables that the Japanese government is endeavoring to minimize, as much as possible, the anti-American sentiment. Authorities have issued reassuring statements in semi-official newspapers. The ministry of the interior is discouraging mass meetings, and several anti-American agitators have been warned that they will be severely dealt with if they persist in their campaign.

TAKES A WIFE

LLOYD GRIMES, POPULAR I. C. MAN WEDS.

Newbern, Tenn., Young Society Woman, Miss Sallie Hunt, Chose of Paducah.

Mr. Lloyd (Daddy) Grimes, traveling engineer of the Tennessee division of the Illinois Central railroad, was married last evening to Miss Sallie Hunt, an attractive young woman of Newbern, Tenn., at Newbern, at the residence of the bride, the Rev. C. Evans officiating, was one of the events of the season in Newbern. Mr. Grimes is a Paducah boy, formerly an engineer on the Illinois Central, and was at one time trainmaster here. He resigned and accepted the position of traveling engineer on the Tennessee division, a position he has held with credit to himself for several years. His bride is one of the most popular and attractive young women of western Tennessee and comes from a prominent family. Those in attendance were B. J. Pooley, traveling engineer of the Louisville division of the Illinois Central; Engineer Joe Randall, Paducah; James McNamara, supervisor of the road at Memphis; Engineer Walter Shepherd, Fulton; R. M. Alcott, C. Ellington, Fulton, and Trainmaster T. Dubbs.

INSTITUTE

WILL BE REPEATED IN PADUCAH NEXT YEAR.

Farmers Who Did Not Attend This Year Express Regret—All Will Come in the Future.

Another big farmers' institute will be held in Paducah next year, and there is no doubt in the minds of the promoters of the recent institute about the attendance.

Hubert Vreeland, commissioner of agriculture, was not at all disappointed over the small attendance. The institute is an innovation in western Kentucky and the farmers were not inclined to spare the time to attend. Those who did, however, have been talking about the meeting, and others expressed their regret at not coming, while those who attended Saturday wished they had heard the rest of the program.

The next institute may not be so general in its scope, but it is expected that the state will help by sending speakers of note, and probably it will in every way equal the one this year for merit.

BIG APPROPRIATION

As Result of Recent Storms for Rivers and Harbors.

Washington, Oct. 23.—Gen. McKim, chief of engineers, is receiving information unofficially of considerable damage done in rivers and harbors to government works and plants by recent storms in the south. Reports will be obtained of all such injury and destruction in time to include estimates for them in the rivers and harbors appropriation bill at the next session of congress. It is now fairly settled that such a bill will be introduced by Chairman Burton and that the house leaders are agreed it shall pass. It is said the bill will appropriate not less than \$55,000,000.

London Got All Gold.

London, Oct. 23.—All the gold available in the open market today, \$1,250,000, was secured by the Bank of England. There was no competition on the part of the United States, and the price was reduced an eighth of a penny, indicating the belief on the part of the bank that it will be able to build up its reserve by securing larger amounts of the metal available next week.

Consulries Making Money.

Washington, Oct. 23.—The annual report of the auditor for the state and other departments shows that for the first time in sixteen years the consular fees received by the government exceed the expenditures of the consular service.

STRUCK FOOTPAD WHO STOPPED HIM

Adventure of Warren Sights On Broadway.

Stranger Followed Him and Demanded His Money—Request Met With Blow.

WAS NERVE TRYING ORDEAL.

After leaving his work in the American-German National bank last night at 2 o'clock, Mr. Warren Sights, note clerk in that bank, was stopped in front of the Empire flats on Broadway near Seventh street, by an unknown man, who numbered a demand for all he had. The man had followed him from the bank building, 227 Broadway.

Mr. Sights knew the man was following him, and when he felt his arm grasped, he asked the man roughly what he wanted, and when the reply, demanding what he had, was made, Mr. Sights struck the man full in the face with his fist, which caused the man to drop his hold and run. With orders to the man to keep moving, Mr. Sights turned into the doorway of his home at Seventh street and Broadway, and paid no further attention to the incident.

Mr. Sights had work at the bank last night until a late hour, and at 2 o'clock locked up and started home. He noticed a man of average build and wearing a cap when he went out, and by the time he reached the post-office, he knew the man was following him.

He requested a colored man standing on the steps of the postoffice to watch the man while he went into the building, to see if he was following him. The man stopped behind a post on the opposite side of the street.

Then walking down the right hand side of Broadway, with the man following on the left hand side, Mr. Sights crossed over to that side at Sixth street and Broadway, picking up a brick as he walked. When he walked slow the man walked slow, and the same coincidence occurred when he walked fast.

In front of the Empire flats the man caught up with him and grabbed his arm. Determined action on Mr. Sights' part probably frightened the man, who ran after receiving a blow in the face.

Just before Mr. Sights left the bank, three patrolmen on their night beats came into the bank and greeted him as usual when he works late. The only explanation is that the man thought he probably would have money on his person as he was coming out of a bank, and followed him to Seventh street which was deserted at that hour.

As near as Mr. Sights could describe, the man was of medium build, wore a cap and seemed to be past middle age.

DEPOSITS

TO FACILITATE GOLD IMPORTATION ARE STOPPED.

National Bank Circulation Stimulated to Extent of Eighteen Million Dollars.

New York, Oct. 23.—Secretary Shaw authorizes the announcement today that deposits to facilitate gold importations will be discontinued.

Secretary Shaw also announced that he would stimulate national bank circulation to the extent of \$18,000,000 by accepting approved securities and government bonds for deposits already made.

Washington, Oct. 23.—Acting Secretary Keop, of the treasury department, announced today applications here for the increase in national bank circulation under Secretary Shaw's \$18,000,000 offer will be acted favorably upon in order in which received.

Pay Clerk Arrested.

Boston, Mass., Oct. 23.—A. S. Porter, who was pay clerk for Postmaster Dexter Tiffany, Jr., of the battleship Rhode Island, has been formally placed under arrest on that ship, on a charge of having misappropriated funds.

It is the daily average circulation of a newspaper that the shrewd advertiser investigates. "High Water" days don't count. The Sun's daily average last month was 38,000.

COLORADO SNOWBOUND AND FARMERS SUFFER LOSS OF MUCH STOCK

Denver, Oct. 23.—Snowfall commencing last Saturday morning aggregates a depth of 25 inches. Traffic is delayed at all points. Farmers will suffer severely from crop losses all over the state. Cattle raisers also are feeling the effects of the storm. Cold weather exists over the entire state. Snow covers some places to a depth of five feet.

HOUSE OF LORDS MAY LOSE POWER

Branch Between It and Commons Is Widening.

Marlboroughs Are Having Trouble and Separation May Result From Present Situation.

PICQUART GOES TO CABINET

London, Oct. 23.—Importance is attached to the session of parliament which opened today in view of the possibility before the final adjournment of the breach already existing between the commons and house of lords, becoming so wide that active steps may be undertaken to abolish the hereditary upper house. An appeal to the country on the proposition either to abolish the house of lords or take away its powers is regarded as the certain outcome of the struggle unless a compromise is arranged.

Prison Cell to Cabinet.

Paris, Oct. 23.—From prison cell to a position in the French cabinet will be the accomplishment of General Picquart, the general who suffered imprisonment for his support of Major Dreyfus, has accepted the offer of the war portfolio in the new cabinet.

Marlborough's Troubles.

London, Oct. 23.—It is now alleged that a grave cause is the reason for the determination of the Duchess of Marlborough to separate from the duke forever. It is asserted that sympathy of the duchess was evoked on behalf of a charming young lady who was the victim of severe domestic trouble. The duchess met the young woman while traveling on the continent, and after a few months' acquaintance invited her to visit Blenheim Castle. The duchess and the young lady became intimate friends, and for a time all went well. Suddenly however the eyes of the duchess were opened to the fact that her husband was paying the charming young woman more attention than was necessary, and subsequent developments may be left to the imagination.

A Society Event.

The wedding of Consuelo Vanderbilt, daughter of W. K. Vanderbilt, by his first wife, now Mrs. H. P. Belmont, to the young Duke of Marlborough, in St. Thomas' church, on November 6, 1895, was New York society's greatest event.

Evansville, Ind., Oct. 23.—Mrs. May Brenner, aged 20, while seated beside her baby's crib took corrosive sublimate today and died. Her husband was so overcome by grief that he tried to kill himself and it required three men to overpower him.

Held Court on a Train.

Mapleton, Ia., Oct. 23.—Court was held on a Northwestern train at Mapleton today and Claude Fischer, accused of assaulting Miss Minnie Baker, was bound over in \$2,000 bonds and taken to jail at Onawa. The authorities feared that an attempt might be made to lynch Fischer were he tried in town.

General Strike in Poland.

Warsaw, Poland, Oct. 23.—Serious trouble is anticipated here tomorrow in consequence of the sudden calling of a general strike intended as a protest against the execution of a number of Socialists sentenced to death and condemned by drum-head court-martial.

Independents Use Scales.

New York, Oct. 23.—The board of elections today sustained the contention of the Independence League that it has the exclusive right to the use of that name and to the emblem, a pair of scales.

Three Miners Killed.

Pittsburg, Kan., Oct. 23.—Three Austrian miners were killed and a fourth probably fatally burned today by the explosion of powder in a mine near Mineral, 20 miles south of Pittsburg.

WAGON AND SURREY COLLIDE IN STREET

Mrs. J. H. Oberhausen Thrown Out And Injured.

Horse Became Unmanageable and Deliveryman Could Not Avoid Accident.

OTHER OCCUPANTS UNINURED

Mrs. J. H. Oberhausen, of 521 South Nineteenth street, was seriously injured at Eleventh and Jefferson streets at 7 o'clock this morning by being thrown from her surrey, the result of a collision with a delivery wagon of C. F. Schrader, grocer, in charge of "Boss" Bradley, colored. There were five other persons in the surrey, but they kept their seats and escaped injury.

Mrs. Oberhausen was accompanied by Mrs. C. W. Wooldridge and Mrs. Catherine Oberhausen, her mother-in-law, and Eddie, Effie and Annie Oberhausen, her children. They were coming in to church, and a train passed as they neared the corner. Mrs. Oberhausen was inspecting the debris of a wrecked wagon and her horse reared while she was unaware of the train's approach.

The animal became unruly. It ran from one side of the street to the other, so state spectators, and Bradley, driving the Schrader horse, was going west on Jefferson. He tried to get out of the way, he states, but was unsuccessful. Bradley alleges that the Oberhausen horse ran into his.

The front wheel of the delivery wagon met that of the surrey and the surrey was partly thrown over.

Mrs. Oberhausen was unable to keep her seat and with a scream let go. She alighted on the street, her head striking with force sufficient to render her unconscious. She was picked up, carried into the residence of Mr. J. K. Greer, 1012 Jefferson street and Dr. B. B. Griffith was summoned.

The physician found her suffering from several bruises about the body and concussion of the brain. She suffered no broken bones. When she recovered sufficiently to be removed, her husband, an attache of the Illinois Central, took her home.

The buggy was but slightly damaged, the shaft being broken. The wheel of the grocery wagon locked with the surrey front wheels. But for this Mrs. Oberhausen might have been able to retain her seat.

Is In Penitentiary.

Montgomery, Ala., Oct. 23.—Hermon Thompson, the negro who attempted to assault little Caille Belle Cain Friday, and for whom an armed mob has been scouring Alabama ever since, is now serving a 20 year sentence at the Pratt mines penitentiary.

FIFTEEN YEARS

AUTOMOBILE TRAVELS 100,000 MILES WITHOUT REPAIRS.

Thomas A. Edison Again Proves Himself a Wizard With New Storage Battery.

New York, Oct. 23.—Thomas A. Edison has accomplished a surprise for the world. He has worked out successfully the problem of cheap power. He promises to put on the market within six months a new storage battery which will enable every man to travel in his own private carriage at about the cost of car fare. Without danger, without breakdowns, without cost, almost a car, once supplied with the new power for \$200, will travel without repairs for 15 years, for 100,000 miles if necessary, says the wizard.

Accused of Smuggling Japanese.

Victoria, B. C., Oct. 23.—The Japanese schooner Susan Maru is held here charged with attempting to smuggle a number of Japanese into Canada. Twenty-two Japanese out of fifty-three on board were landed near here. The captain said heavy weather had blown the boat from the Copper Islands, where it has been engaged in fishing.

WEATHER — Showers to-night and Wednesday.

Chicago, Oct. 23.—Speaker Cannon arrived today from New York where he made five speeches with reference to the situation there, he said, "It's a hard close fight but the Republican ticket will be elected."

ROB STORE WITH CROWD NEAR

During Burglary Committed in Kenosha Business District.

Kenosha, Wis., Oct. 23.—A most daring burglary was committed here tonight when unknown men cut out a part of the window of the T. J. Dale jewelry store and took watches and jewelry valued at several hundred dollars. The store is in the heart of the business district and many people must have passed while the robbers were at work. The men escaped and there is no clue to their identity.

FRESCO ARTISTS

WORKING ON WALLS OF FIRST FLOOR ROOMS OF PALMER.

Progress Is Rapid and Some Offices Soon May Be Occupied by the Tenants.

Fresco artists started to work this morning on the walls of the new barber shop at the Palmer hotel. The walls of the whole lower floor of the hotel will be frescoed. Marble wall-covering will reach up four feet from the floor and the furniture in the ticket office, confectionery store, tailor shop, cafe, barber shop, billiard room and bar will be all mahogany finish.

The work of the ground floor of the hotel is advancing rapidly and several of the store rooms will be ready for occupancy by the first of next week. The front half of the lobby will be in condition to move the office into it this week and the back half then will be renovated. The American dining room is near completion and the billiard rooms will have new tables.

Paris, Oct. 23.—Callieux, former minister of finance, has accepted the finance portfolio in the new cabinet.

CUT IN FEES

WILL BE SUBJECT OF DISCUSSION BY DOCTORS.

County Association Will Consider Action of "Big Three" Insurance Companies.

To discuss the cut in fees for examination of applicants for insurance will be the object of the meeting tonight of the McCracken County Medical society. "The Big Three" insurance companies have cut the doctor's fee for examining applicants for life insurance from \$5 to \$3. The \$3 fee will be given for all examinations where the policy is above \$5,000 and \$5 where it is above \$5,000. The state society passed a resolution against this cut.

MODUS VIVENDI

Between Church and State Possible, Says Bishop Chapin.

Nice, France, Oct. 23.—While disclaiming to speak by the authority of the pope, Bishop Chapin, in an interview today, flatly declared his conviction that if the hierarchy, through the bishops, is given the right by the council of state to decide on the regularity of the cultural associations in France, to which church property may be surrendered, a modus vivendi between the church and the government is possible, and the Vatican will not insist on parliamentary action in this connection.

KNOCKED DOWN AND TRAMPLED

Mrs. John S. Bleecker Suffers Severe Injuries.

Was Holding Horse's Head While Runaway Passed When Animal Gave Lunge.

HOOF AND WHEELS BRUISE.

While standing on the Blandville road just beyond Wallace park holding the head of her horse, which was frightened by an approaching runaway, Mrs. John S. Bleecker was knocked down by the forward plunge of the horse and the buggy passed over her body. Beside the bruises from the buggy wheels, Mrs. Bleecker was injured by the horse stepping on her ankle with the sharp turnover of the horse's shoe. She is resting well today but will be confined to the house several days with her injuries.

Observing the rapid approach of a driverless runaway team down the Lone Oak road, Mrs. Bleecker and Mrs. Lloyd Boswell who was in the buggy with her, got out of the vehicle and Mrs. Bleecker went to the horse's head to quiet him. They were standing at the intersection of the Blandville road with the Lone Oak road, and when the runaway team passed in front of them Mrs. Bleecker's horse plunged forward, knocking her down and the buggy passed over her body.

Securing automobiles from Foreman Bros., John S. Bleecker, manager of the Paducah Traction company, with doctors, went to the scene of the accident and Mrs. Bleecker's injuries soon were dressed and she was brought back to the city. No bones were broken.

The runaway team demolished the wagon, which belonged to a countryman.

KIND PEOPLE

Furnish Wolf With Clothes and Police Take Interest.

Harry Miller, yesterday a street gamin, is today a gentleman as far as the clothes go. He is furnished from head to foot and looks different from the boy who yesterday sat on the bench in police court waiting for the authorities to decide what to do with him. The boy came here with an itinerant preacher who was sent out of town. He had been living from "hand to mouth" and Chief Collins took him in charge. Patrolmen Terrell and Brennan were the patrons of the boy and B. Wellie and the Grand Leader gave clothes, cap and stockings, underwear and several outer garments. The police are trying to find the boy a home. He is a willing worker and honest.

MOUNTED ROBBERS

Loot Bank and Four Stores and Kill Spectator.

Carbondale, Ill., Oct. 23.—The Floyd bank, of Vergennes, a village in the northwestern part of this county, was dynamited this morning by four mounted robbers. The noise of the explosion aroused the villagers. Abraham Klamel, proprietor of the Kimmel hotel, was fatally wounded in the abdomen by a bullet from the revolver of one of the highwaymen. Four stores had previously been entered and looted of small amounts of goods.

ANN ARBOR POLICE CHIEF SHOT

Posse With a Rope Scouring the Country for His Assailant.

Ana Arbor, Mich., Oct. 23.—Chief of Police Masten was shot and dangerously wounded last night by Raymond Kent, said to be a cocaine fiend whom he was trying to arrest. Kent had some trouble in a colored billiard room, and was returning to the place from his home with a shotgun when he encountered the chief. Kent is still at large, but a posse of men armed with a rope is scouring the country in search of him.

Theatrical Notes

Capacity House Last Night.

It was to a capacity house of well pleased people that the Depew-Burgett Stock company opened their week's engagement at the Kentucky theater last night. Standing room on the balcony and gallery was the rule, and the applause that greeted the actors in the "Power of Truth," the evening's bill, was vociferous and frequent. The company, headed by the comedian, Thomas E. DeFew, is of uniform excellence. Be-

EMBARRASSED BY
THE APPLICANTSDr. Wiley Wants An Alcohol
Class And Gets It.

Desires to Experiment with Different Mixtures on the Human System.

HUSBAND OR WIFE LOSES

Washington, Oct. 23.—The intention of Dr. Wiley, chief chemist of the agricultural department, to establish an alcohol class for the purpose of conducting experiments upon the effect of alcohol on the system, will not lack subjects. It is reported that the doctor is getting applications by the bushel, but most of them seem to indicate that the would-be subject has already reached such a stage of alcoholism as would make the test of little merit.

Husband or Wife to Lose Job.

Washington, Oct. 23.—President Roosevelt has decided to eject from the government service the husband or wife where both are employed. He has called upon the civil service commission for a list of names of such employees. When this list has been furnished, under direction of the president, the husband and wife who are both upon Uncle Sam's pay roll will be given an opportunity to decide which shall remain and which shall resign. If no agreement is reached one or the other will be dismissed. The president will interpose no objection to the employment of women whose husbands are living but are not in the government service, nor will he attempt to regulate the number of members of any family who shall be given government employment further than to make it impossible for both the husband and the wife to remain upon the pay rolls. It is estimated that in Washington alone there are at least 100 cases where both husband and wife are in the government service. In some instances the marital relations are secret and the wife appears upon the pay rolls under her maiden name.

AT PADUCAH

Emancipation Day Celebrations Will Continue.

Joe Mosely, colored, excursion agent for the Illinois Central, was in Paducah today the bearer of news of importance and satisfaction to the colored population. It is relative to the emancipation celebrations here and briefly stated is that the celebrations will continue. Mosely looks after all colored excursions for the road. He was in charge of the Eighth of August trains, and a letter was referred to him by officials at Chicago, asking that the celebrations be transferred to Cairo from Paducah and offering inducements. Mosely wired back that Paducah is the only place and was sustained.

German Asleep Since June 20.

Berlin, Oct. 23.—Prof. Eulenberg reports in the Medical Weekly the case of a patient who has been asleep steadily since June 20, 1904. The man, who is 45 years old, fell from a street car at the time mentioned and struck on the back of his head. When he was taken home it was found that he was suffering from concussion of the brain, but he was sensible of his surroundings. While the doctors were examining him he fell asleep and has been in that condition ever since. He lies in bed, frowning heavily all the time. His limbs are flexible, but his skin has lost its color. He shows sensibility when food is placed to his lips, and chews it mechanically.

NATURE'S WARNING
TO WOMEN

Nature always gives to women a plain warning at the beginning of disease. These warnings are in the form of different pains and weaknesses, but the thing Nature warns you against is always the same—uric acid.

Nearly all women's diseases are caused by uric acid. Yet, did you ever see any uric acid? Then just set a glass of urine away over night and look at it in the morning. This will tell you more of the cause of disease than could be printed in volumes. This uric acid, which you see in the glass, overloads your blood. It settles in the female organs and causes all diseases of women. It is uric acid that causes the backaches, that brings mental disorders and pain, and that causes you to grow tired so easily, and that afterwards brings ovarian or womb trouble.

LIFE PLANT

EXPELS URIC ACID.

LIFE PLANT relieves all women's disorders and diseases. It dissolves the uric acid out of the generative organs encourages them to become healthy and drives the poison out of your blood. It cures by removing the cause of disease—uric acid.

LIFE PLANT is a simple, harmless vegetable remedy. It is used by the greatest specialists in the cure of women's diseases. LIFE PLANT is the greatest blessing science has ever given to long suffering womankind. Drink Belvedere, The Paducah Beer
And Promote a Home Industry

EVERY time you order or call for BELVEDERE BEER you are furthering a home industry. The Paducah Brewery Company employs only HOME LABOR, and adds to the pay roles of Paducah, so every cent you spend for BELVEDERE remains at home.

We don't solicit your business on that score alone, however. BELVEDERE is not excelled by any beer on the market. In truth, we believe it surpasses any in purity, in taste and health-giving qualities.

Drink BELVEDERE, the Paducah Beer, next time. In fact,
ALL THE TIME DRINK BELVEDERE.

Starts Fund to Establish Home.

Chicago, Ill., Oct. 23.—A home for actors and actresses who have contracted pulmonary troubles is to be founded and maintained in Colorado. The plan originated with George M. Cohan, the actor, who announced today that he would subscribe \$5,000 cash to start the fund, and in addition to this would give special matinee performances each week as long as he appears before the public, the gross receipts to be turned over to the fund. Cohan will ask all leading actors and theater managers throughout the country to co-operate with him.

SEPTEMBER

WAS HARD MONTH ON MOST CROPS IN KENTUCKY.

Yield of Corn Is One Hundred and Seven Percent—Tobacco and Other Products.

Frankfort, Ky., Oct. 23.—Following is the report of Hubert Vreeland, commissioner of agriculture, for September:

The month of September was very unfavorable for the preparation of ground for sowing wheat and oats and other fall work is retarded. Heavy and continuous rains have delayed the cutting of corn, as also injuring its quality, causing it to rot to some extent. Tobacco has suffered from excessive moisture and much of it which was housed has been damaged by house-burning, while that remaining on the scaffolds, or still uncured, reports indicate a poor quality and considerable loss in weight. In the barley district the estimated yield compared to 1905 is 90 per cent, while the estimate of that housed to October 1 is 77 per cent of the crop. In the dark tobacco district the estimate of yield compared with 1905, is 80 per cent, and the figures show that the amount housed is 79 per cent of the crop. The yield of corn over the entire state as compared with last year is very gratifying, being 107 per cent, but some of it will be of inferior quality on account of lack of sunshine. Reports indicate that the average of ground prepared for wheat compared with 1905 is only 85 per cent. With favorable weather from now on there is time enough to increase the sowing of this crop materially.

Well pastures are the best known for years and all stock is in good condition. Very little disease is reported among animals except in one or two counties, where there is some complaint of hog cholera. Mules are bringing fancy prices. Sheep in good demand. Hogs scarce. There is a general complaint of "death of labor and high wages. In some localities it is almost impossible to obtain good hands at any price.

Members Are Well Known Educators, Ministers, Professional, Business Men.

The "Fortnightly club" is the name of a new organization. The officers are H. S. Wells, the well known manufacturer of boxes and baskets, president, and Prof. E. G. Payne, principal of the high school, secretary. The members are Attorneys W. A. Berry and William F. Bradshaw, Jr., Alderman Palmer, W. J. Hills superintendent of the N. C. & St. L. railroad; Jacob Benedick, C. M. Leiby superintendent of the city schools; Drs. Vernon Blythe and H. P. Sights, the Rev. David C. Wright and Rabbi D. Lovitch. Last night the club met with Attorney Berry and he talked on Municipal Ownership. The discussion lasted three hours. The club meets the first and fourth Mondays at 8 o'clock in the evening at the homes of members. Its purpose is to discuss all current questions. The membership is limited. The season is from October to April.

BOMB IN CORN SHOCK WOUNDS 2

Enemy Attempts to Kill Michigan Farmer and Son.

Lansing, Mich., Oct. 23.—Fred Hill, a farmer of Wheatfield twelve miles east of here, and his 8-year-old boy were seriously injured this morning by the explosion of an infernal machine that had been placed in a shock of corn and exploded when the shock was overturned. Although badly lacerated, both will probably recover.

Tennessee River Meeting.

Sheffield, Ala., Oct. 23.—A call has been issued for a meeting of the Tennessee River Improvement association, and to the citizens of the Tennessee Valley and Commercial clubs thereof and adjacent, to be held at Sheffield, Ala., November 8. The call is signed by Thomas H. Routhac, president, and W. B. Royster, secretary.

COATS, HATS, TROUSERS AND BED CLOTHING GO.

Oscar Hoffman's Wife Calls Police, Who Discover Property of Others in His Bedroom.

Oscar Hoffman, colored employed as a waiter at the St. Nicholas hotel on South Third street, is in jail charged with larceny. He conducted his thefts, it is alleged, on the wholesale plan.

Hoffman went home last night and carried a large bed quilt holding coats, hats, trousers, sheets and many other articles. When he reached home at Ninth and Washington streets his wife refused to permit him to bring the bundle inside, and telephoned for an attaché of the hotel to look at the goods. He did and recognized them as coming from rooms over a saloon located next to the hotel.

The stuff had been taken from the rooms of Dick Hogan and Harry Simmons, who occupy quarters over the saloon. The beds were stripped of nearly all the clothes.

The negro claimed the goods were given to him by a stranger who also gave him a drink out of a "black bottle."

People's Lobby Meets.

Washington, Oct. 23.—The executive committee of the people's lobby held a meeting here today. It is expected officers will be elected and work for the coming winter will be mapped out. The closest kind of talk will be kept on senators and members of the house.

The oldest royal house in Europe is that of Mecklenburg. It traces its descent from Genseric, who sacked Rome in A. D. 455.

Comfort and Economy

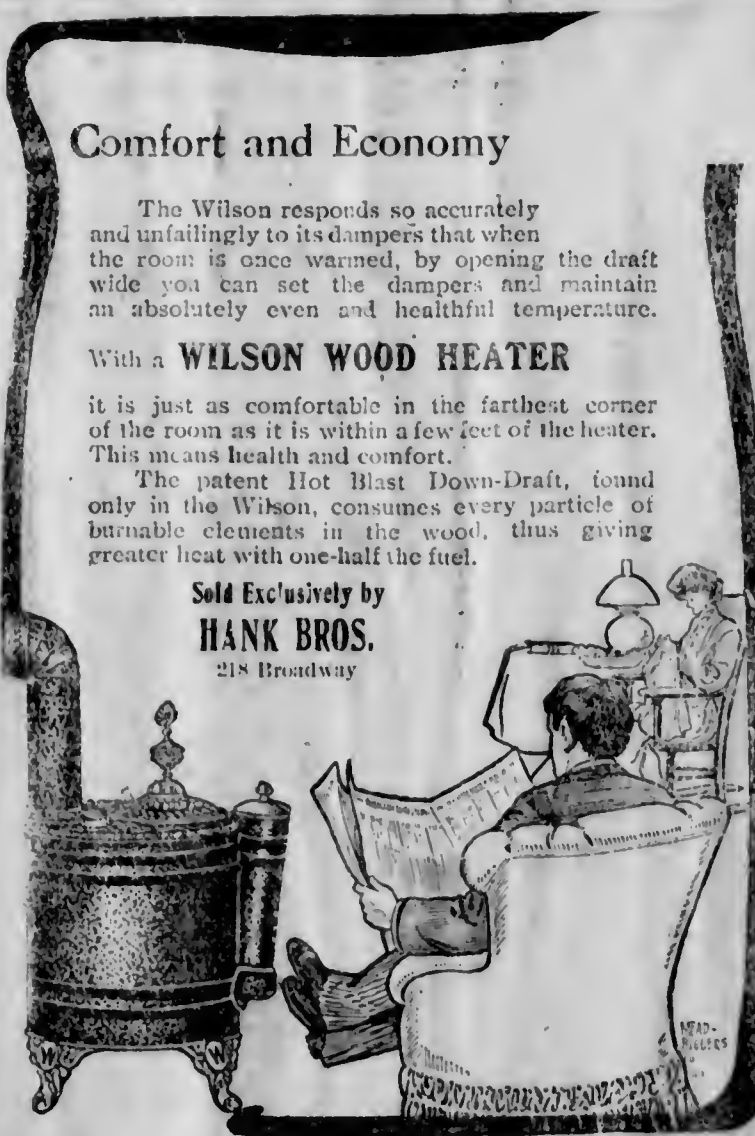

The Wilson responds so accurately and unfailingly to its dampers that when the room is once warmed, by opening the draft wide you can set the dampers and maintain an absolutely even and healthful temperature.

With a **WILSON WOOD HEATER**

it is just as comfortable in the farthest corner of the room as it is within a few feet of the heater. This means health and comfort.

The patent Hot Blast Down-Draft, found only in the Wilson, consumes every particle of burnable elements in the wood, thus giving greater heat with one-half the fuel.

PADUCAH'S FUTURE.

Pessimism fades before the news
of the L. & N. railroad's investments
in Paducah, like the mist before the
morning sun. No breath of doubt can
longer obscure the certainty of this
city's future.

No human being ever faced a more
discouraging situation than the L. &
N. railroad found in Paducah. Hem-
med in with a competing system,
whose lines radiate in all directions,
compelled to use its competitor's line
to the north, and forced to fight for
what it hauls south, and with no
connection save the river, the Nash-
ville, Chattanooga & St. Louis rail-
road has had the fight at this termi-
nal that strengthens or destroys men
and corporations. Yet its manage-
ment did not copy, as it well might,
the attitude of some of our "home
folks"—with folded arms awaiting
the will of providence. But with con-
fidence in the future of the city
that must pass all understanding in
some homes, this corporation invests
a comfortable fortune in a great
warehouse and prepares to wage
war on its apparently better armed
adversary, the Illinois Central. Be-
fore long we shall see what this ter-
mely means.

We can hear some of our good citi-
zens saying even now: "The com-
mercial club may talk and talk and
invest money in advertising the city,
but we don't see any railroads com-
ing across the Ohio river to reach
Paducah. The Commercial club is
wasting its money. Paducah will
never be a great city until another
railroad comes."

This L. & N. railroad system is
not a Commercial club. It is a great,
unselfish corporation, with no plans,
save to build up its own trade, ex-
tend its tributaries, defeat its com-
petitors and increase its dividends.
And yet it builds a great warehouse
here for future use. This cold-blood-
ed, railroad corporation is erecting
the warehouse first, and then pre-
paring to bring the business here.
This is the spirit of the age as exem-
plified in this mighty, modern insti-

tution, the railroad company, and
the venture of the L. & N. railroad
is a demonstration of just exactly
what the Commercial club has been
preaching ever since its birth—the
town that gets ahead is the town
that goes after the things it needs.
It is the action of the L. & N.
Railroad company, Paducah's position
as a strategic point in the trans-
portation world is established. The
Illinois Central officials, after care-
fully considering the idea of cutting
off the city to save time on the south-
ern run, gave it up, and declared
that Paducah is too important. That
idea will never again occur to any
Illinois Central official, because some
other railroad has shown its appreci-
ation of Paducah's value.

Over in Cairo the Illinois Central
has its big grain elevator, safe at
present because it has no competi-
tion to the southward and little to
the north until St. Louis and Chicago
are reached. The L. & N. system,
distinctly southern in its ramifications,
has found a barrier in the Ohio
river, that has blocked its pathway
into the rich fields of the north. Pa-
ducah is its vantage point to strike
toward the northwest and carry the
fight with the Illinois Central into
the latter's own territory. The ulti-
mate hope of the L. & N. must be a
northern connection at Paducah and
an increased river traffic. How well
it considers that hope founded and
how soon it expects the realization
is shown by its haste to get up its
granaries before the first of the new
year.

Every taxpayer in Paducah should
be at pains to inquire into the record
and personnel of the present general
council. The men no win the boards
were chosen, because the people had
confidence in their business ability,
their faithfulness and honor. One-
half of each board now is seeking
re-election and standing on nothing
but the record made during its in-
cumbency. That record started out
with a reduction of taxes and contin-
ued by improvements of a public na-
ture that are apparent in better
streets, gutters, sidewalks, lighting
facilities under way and sewer trenches
marking many sections of the
city. Although voluntarily cutting
down the amount they themselves
were to handle of the city's money,
they have done much to better the
appearance and health of the city.
have given employment to labor all
summer and come out of the work
with clean hands and not an imputa-
tion of dishonor on their names.
There have been many good legisla-
tive boards in Paducah, but none,
perhaps, before in which the whole
membership shared in the honors
without one Judas to betray his
trust. It is a remarkable record, on
the whole, and the city should be
accorded another term of service.

If the Democratic candidates for
state offices in Kentucky are able to
prove all the disparaging things they
tell about each other personally and
their proven inefficiency, it should be
no trouble for the Republican candi-
dates to defeat the unfortunates,
who are successful in the primary. If
they are not able to prove their as-
sertions they disqualify themselves
for positions of trust and honor by
bearing false witness.

That new heart party should not
be called the Independence League,
its operations earn it the name of
League of Political Freebooters.
Tammany under Tweed never started
out as ambitiously as these expo-
nents of red and yellow journalism.

A bond issue that will pay for it-
self is the unique distinction of the
\$100,000 park construction bond
proposition to be voted on by the citi-
zens of Paducah this fall.

If you wish the laws, of health, of
morality, of decency, enforced; if
you wish to be protected in your life
and property, vote for E. W. Bagby
for city judge.

The Republican candidates for
school trustees stand on a platform
of school progress.

PLEAS OF NOT GUILTY.

Entered by New York Herald Before
U. S. Court.

New York, Oct. 23.—Appearing
through local counsel today, the New
York Herald corporation, James Gor-
don Bennett and Stanley M. Gillman
pleaded to indictments found against
them in the criminal branch of the
United States circuit court. The in-
dictments contain eight counts, each
charging the defendants with having
deposited in the postoffice certain
specified copies of the New York
Herald containing alleged improper
personals, the same constituting un-
lawful matter according to the
United States statutes.

Business Portion Wiped Out.

Marshalltown, Iowa, Oct. 23.—
Practically all that was left of the
business portion of Marshalltown,
Iowa county, was destroyed by fire
today. This is the second disastrous
conflagration inside of a week. The
belief that the fire is the work of an
incendiary has caused great excite-
ment.

Miss Kelly Stays in Jail.

Philadelphia, Pa., Oct. 23.—Judge
Carr this morning refused a writ of
habeas corpus so far as it related to
Miss Charlotte Kelly, charged with
the murder of Mrs. Maurice Lewis
and remanded her to prison for trial.
Harry Somers is held on a similar
charge.

ALEXANDER CASE ON TRIAL TODAY

Asks \$10,000 Damages For
Death of Little Girl.

Paducah City Railway Co., Whose
Car Struck Child, Is Made
Defendant.

NEWS OF THE CIRCUIT COURT.

The case of Ed Alexander, admin-
istrator of Elsie Alexander, his
daughter, against the Paducah City
railway, commenced the morning and
greater part of the afternoon. Alex-
ander sues for \$10,000 damages for
the loss of his daughter's life. A
street car struck the little girl as she
attempted to cross the street at her
home on South Sixth street. She
died from the injuries two days later.
The case was continued from last
term of the circuit court.

A suit was filed this morning by
M. Livingston & company against
the Halls Canalug company for
\$184.23 for a breach of contract in
failing to ship tomatoes at a spec-
ified time as by agreement.

B. J. Billings, T. H. Dale and T.
H. Marshall were excused as petit
jurors and J. W. Nance, W. H. Orr
and D. D. Murphy substituted.

The case of Emil Choate against
James Glauber was dismissed.

The case of Jessie Wicks against
the city of Paducah was dismissed.
J. B. Briggs this afternoon filed
suit in circuit court against the
Sherill-King Mill & Lumber com-
pany for \$1,146.61 alleged to be the
value of a raft of logs the plaintiff
claims the defendants took from him
and converted to its own use.

J. E. and Nancy Bridges, doing
business under the firm name of J.
E. Bridges & company, Polkville,
Graves county, Ky., filed a petition
in bankruptcy this afternoon giving
liabilities amounting to \$763.98
with no assets. Most of the unsec-
ured creditors live here. They are C.
H. Bieke & company, \$110; Eley
Dry Goods company, \$64.91; George
O. Hart & Sons company, \$3; Du-
Bois, Kohl & company, \$53.28; H. G.
Terrell & company, \$130.01; Hank
Bros., \$15; Paducah Saddle com-
pany, \$37; E. E. Sutherland Medicine
company, \$12.

In Police Court.

Charles Hardin deputy marshal of
Brookport, Ill., who was presented
in police court this morning charged
with using abusive language towards
Mrs. Tom Hardin, was fined \$25 and
costs.

Other cases: Arthur Jones, breach
of ordinance, left open; Sam Barker,
colored, breach of peace, continued;
Dan Meyers, Alex Messenger, col-
ored, breach of peace, \$25 and costs
against Messenger and dismissed as
to Meyers; Charles Grosshart and
Charles Tremaine, selling an overcoat
not their own, continued; John Kel-
ley, colored, drunkenness, \$1 and
costs.

Judgment Entered.

In the case of the Central Coal and
Iron company against G. W. Grubbs
a judgment for \$235.50 was filed for
the plaintiff. It was a suit on ac-
count.

Stock Sold.

The stock of goods in the Hayes
drug store at Seventh street and
Broadway yesterday was sold by
Deputy Sheriff Hume Ogilvie for
\$475 to B. H. Scott, who sued for
rent. This is a trifle over the amount
sued for. The distress warrant was
taken out in Justice Charles Emery's
court.

In Bankruptcy.

E. W. Bagby, referee in bankrupt-
cy, this morning made an order in
the matter of John Hallinger, of
Gilbertville, ordering the bankrupt
to appear in Paducah on October 30
to be examined by creditors. Cecil
Reed is trustee.

Marriage Licenses.

Emery Harper, Florence Station,
29, and Jane Browning, county, 29.

Chester M. Vance to A. A. Hunt,
property in the county, \$1 and other
considerations.

Hardin Is Dismissed.

The Hardin-Dunlap case was the
star attraction in police court this
morning, and ended in the dismissal
of both defendants. They were charged
by Tom Hardin's wife with immor-
ality, and the fact that the Dun-
lap woman is a negro made the case
the more interesting. Mrs. Hardin
has two young children and a half-
grown daughter. She says her hus-
band will not support her.

Germany Gets Heavy Jnr.

Berlin, Oct. 23.—German com-
mercial enterprises in Central America
have suffered a disastrous blow in
the failure just announced of the
Central American bank. The bank
was founded by the Deutsche bank to
promote Germany's financial inter-
ests in the Central American states.

Storm Causes Wreck.

Lincoln, Neb., Oct. 23.—All trains
from the west are many hours late
today on account of the storms in
Nebraska, Kansas and Colorado. The
storm was responsible for a freight
wreck on the Burlington near Hem-
linford. No one was injured but traf-
fic was delayed. A bad steel storm
prevailed in central Nebraska today
breaking down trees, telegraph and
telephone wires and causing suffer-
ing among stock.

HANQUET FOR WIRELESS MEN.

Municipality of Berlin Envoys In-
ternational Delegates.

Berlin, Oct. 23.—The municipality
of Berlin last night gave a banquet
in honor of the delegates to the in-
ternational wireless telegraph confer-
ence. Mayor Kirschner presided and
toasted the delegates saying that the
civilized world was watching the pro-
ceedings of the conference with the
keenest interest, and hoped that its
results would benefit all mankind.
Herr von Wehrenap, the principal
Austrian delegate, responded in be-
half of the members of the confer-
ence, thanking Germany for taking
the initiative for the international reg-
ulation of wireless telegraphy. The
general opinion is that the work of
the conference is progressing satis-
factorily, and that there is good pros-
pect of an agreement though Herr
von Krateke, secretary of the imperi-
al German postoffice, remarked to a
delegate that clause 3 of the con-
vention, which comes up next week,
will be the bone of contention.

Clausman Causes Riot.

Philadelphia, Oct. 23.—Under
most unusual conditions "The Claus-
man" was presented here last night
at the Walnut street theater. The
negro clergy of the city had made a
vigilant protest to Mayor Weaver
against the production, claiming that
"lynchings have been encouraged by
the play." The mayor refused to
take any action. About a half-hour
before the theater opened, Natch and
Walnut streets, where the playhouse
is located, were packed with colored
people. A riot was in the air and
wagons brought half a hundred po-
licemen to the theater. Director of
Public Safety McKelvey delivered a
brief speech saying that he would
endeavor to have the presentation
discontinued after tonight.

Alabama Names Bankhead.

Washington, Oct. 23.—When Rich-
mond Pearson Hobson torpedoed the
congressional career of Representa-
tive John H. Bankhead, of Alabama
and sent that statesman to the bot-
tom of the ocean of oblivion for the
time being, he was doing Mr. Bank-
head a distinguished favor. Sympa-
thy for the veteran has resulted in
Mr. Bankhead being overwhelmingly
nominated in the Alabama primaries
as first "alternate" for senator. That
means that if one of the senators,
Morgan and Pettus, should drop out
and leave a vacancy, Mr. Bankhead
is to be named.

Scores Big Hit.

Brooklyn, N. Y., Oct. 23.—Annie
Russell opened at the Montank the-
ater last night last night "A Midsum-
mer Night's Dream" before the most
brilliant, elite and cultured audi-
ence of the season. Not since the
days of the "Royal Family" has Miss
Russell scored such a pronounced
success as she did tonight at Puck.
The production was the most elabo-
rate and complete ever seen here
and will rival if not exceed the
Shakespearean productions present-
ed by the late Henry Irving.

Storm Causes Wreck.

Lincoln, Neb., Oct. 23.—All trains
from the west are many hours late
today on account of the storms in
Nebraska, Kansas and Colorado. The
storm was responsible for a freight
wreck on the Burlington near Hem-
linford. No one was injured but traf-
fic was delayed. A bad steel storm
prevailed in central Nebraska today
breaking down trees, telegraph and
telephone wires and causing suffer-
ing among stock.

Find Proof of Rebates.

Kansas City, Mo., Oct. 23.—At to-
day's grain hearing of the interstate
commerce commission there was
much testimony to the effect that the
Milwaukee railroad discriminated in
favor of one grain company which
handles most of the grain shipped
over the road. The hearing was con-
ducted by Commissioner Clarke, of
Iowa. The hearing will continue to-
morrow and Wednesday. It will be
moved to Omaha.

Silveria Is in Curacas.

Havana, Oct. 23.—Captain Ander-
son, of the cattle ship Carmelina,
which has arrived here from Puerto
Cabello, Venezuela, confirmed the re-
port that he landed Silveria, the fugi-
tive Havana banker, and family, at
Puerto Cabello from whence they
went to Caracas. Anderson declares
that when the vessel was three miles
off the Cuban coast Silveria ordered
him to change his course for Vene-
zuela, alleging political reasons.

Germany Gets Heavy Jnr.

Berlin, Oct. 23.—German com-
mercial enterprises in Central America
have suffered a disastrous blow in
the failure just announced of the
Central American bank. The bank
was founded by the Deutsche bank to
promote Germany's financial inter-
ests in the Central American states.

VOICE OF THE PEOPLE.

Market Abuses.

In your paper of yesterday you
comment editorially on the violations
practiced by the grocerymen of the
city at the city market and suggest
an investigation. If you are a friend
of the common people, that class
which has to start to work every
morning at 6 o'clock and live a mile
from the market, do not insist upon
too close an investigation. Observation
of a few mornings will convince any
one that the class who daily visit
the market are amply able to pay for
their provender, but it is the poor
man who is compelled to be at his
work by 7 o'clock, and who perhaps
would not have time to go to market
and return before working time that
must of necessity depend upon these
same grocers for their supply of fresh
vegetables. The trouble is not
caused by the grocerymen but by the
hucksters who occupy nearly every
outside bench in the market, and
who are there ahead of the grocer-
ymen. Large amounts of our vege-
tables go to points down the river
and it is not an uncommon sight
early in the morning to see the reg-
ular gardeners buying up the small
lots coming from the chance market-
ers with which to fill their out of town
orders. Insist upon the council re-
solving the market benches only to actual
producers and ban those "Shylocks"
off the market and there will be plenty
for all without any restriction as to
time of buying. Have your reporter
visit the market some morning from
2 o'clock until 5 and see these
"Shylocks" come there without any-
thing to sell and watch where they
set their supply, and you will be pre-
pared to suggest a remedy without
working the greatest hardship of the
people who can least afford to stand
it.

The Rigors of Cold Weather.

Probably at no time of the year
does the physical condition of the
body demand more attention than
just at this season, the beginning of
cold weather.

Let the system be run down, or the
blood impoverished to any extent and
the cold weather goes hard with you.
Naturally the thing to do is to
keep the circulation in good order, and
the whole system toned up to stand
the rigors of winter.

Some physicians prescribe the daily
cold bath, others seek recourse in
blood tonics and other stimulants,
but probably the most rational treat-
ment of all is the Osteopathic, as
Osteopathy more quickly, and more
effectively rights the blood flow and
restores normal conditions than any
other known treatment.

Osteopathy is only a natural
treatment, a method of bloodless sur-
gical manipulations to remove any
obstructions interfering with the prop-
er transference of nerve force, or
natural blood flow, or the other fluid,
to the organ or part involved.

I should like to have you call and
let me tell of some Paducah people
whom you know well that Osteopa-
thy has done much for, and also to
tell you what it will do in your par-
ticular case.

Royal Plush Underwear \$3 a Suit

You must see this Un-
derwear in our windows
to appreciate it. The
construction of the fab-
ric is such that the cold
does not penetrate, and
the SILK PLUSH on the
inside of the garment
creates a friction that
warms the body without
irritating the skin.

It comes in fast col-
ors, blues, pink, black
and red, and is the best
underwear value in the
city.

Creates Sensation In New Orleans

L. T. Cooper, the young phi-
lanthropist, who, with his strange
new medicines, has been exciting
much attention from newspapers
all over the country now has New
Orleans in a storm of enthusiasm
over his remarkable work. The
sale of his preparations have
reached enormous figures and
the wonderful cures of stomach
trouble and rheumatism accred-
ited to his medicines which were
at first the subject of much con-
jecture have become so common
that their genuineness can no
longer be doubted.

His theory that 50 per cent of
the so-called stomach trouble is
due to immense parasites, or tape
worms, is verified in nearly ev-
ery case reported. Wherever he
goes people bring to him glass
jars and dishes containing these
parasites which have been ex-
pelled from their systems by his
medicines. Nearly three hundred
of these cases are reported from
New Orleans and in almost ev-
ery instance the patient had been
unaware that his suffering was
caused by anything more than or-
dinary stomach trouble.

Mr. A. R. Halle, a prominent
business man of 1419 Carondelet
street, New Orleans, is authority
for the report of one of the most
remarkable of these cases. Ac-
cording to his statement, Mr.
Halle had been a sufferer from a
severe affection of the stomach
for the past six years and had
been treated by physicians who
diagnosed his case one of tape
worm but whose treatment fail-
ed to relieve him. Speaking of
his experience with Cooper's pre-
parations he said: "My case has

been a stubborn one and nothing
I could do seemed to alter my
condition. Several physicians
treated me without result and
when Cooper's medicines began
to create so much attention I
determined to give them a trial.
The worm which they expelled
from my system measured nearly
50 feet in length and as soon as
I was rid of the horrible thing
I began to improve." Upon being
asked about the attendant symp-
toms he declared that they are
much similar to those of any
stomach disorder, a variable ap-
petite, dizzy spells, headaches,
constipation, nervousness and a
continual languid, tired, worn
out feeling being the most com-
mon while one of the surest
signs is dark spots that appear
to float before the vision after
sleeping over.

It is estimated that one hun-
dred thousand bottles of Cooper's
Medicine have been sold during
his visit in New Orleans and
judging from the space devoted
to his work by the newspapers of
that city Cooper is the talk of the
town.

L. T. Cooper, it will be re-
membered is the man who cre-
ated such turmoil in St. Louis a
short time ago, where he is said
to have sold nearly a quarter
million bottles of his prepara-
tions.

At W. B. McPherson's drug
store, the local agency for Cooper's
medicines it is said that the
sale of his two remedies, Cooper's
New Discovery and Cooper's
Quick Relief have become enor-
mous and that the most gratify-
ing reports have been received
from those who have used them.

The very newest and most stylish garments for ladies, misses and children are to be found in the immense stock at

Farewell Occasion.

The open meeting of the Ladies' Aid and Church Furnishing societies of the First Christian church at the home of Mrs. James Buckner on Jefferson street yesterday afternoon, was an occasion of more than usual interest. It was a pretty farewell honor to two of these societies most valued members: Mrs. R. J. Settle, who goes soon to her new home in Paducah, Ark., and Mrs. Jesse Gilbert who leaves for Dallas, Tex., to join her son Mr. Harry Gilbert. It was a touching and deep regret of the church at their going was read. An attractive musical program was rendered and delightful food and cakes were served.

To Be Married This Week.

Mr. Harry Wearin of the Seudder Gate-Wearin Grocery company, who came here some time ago from Paducah, Ky., will marry Miss Archie Crenshaw, of Charleston, Mo., on Thursday of this week. The ceremony will take place at the home of the bride's parents, Mr. and Mrs. James Crenshaw, who are prominent citizens of Charleston. Both young people stand high socially and their marriage will therefore be looked forward to with much interest, here and in Charleston and Paducah. —Castro Bulletin.

INDIAN SUMMER.

O regal queen of the seasons! thy stately stepplings, who know's? With gorgeous, trailing mantle, when the twilight comes and goes, Like a beautiful pictured river, the lilies asleep in a sheen

Of gold and purple and scarlet, with the glossy leaves between.

Thy wand is upraised in victory, thy work almost complete,

The trees, thy trusted sentinels, their silent watches keep;

Ah! in robes of glory, and gold-tipped in the sun,

Thy peace, O Indian Summer, how sweetly, nobly won.

A wonderful, beautiful legend enfolds thy memory fair.

When the red man roamed the forest, unused to toll and care;

The smoke of their camp-fires curling up to the Master of Life,

A signal of peace forever, from foiling, woe and strife.

O: regal queen of the seasons, a symbol of life today,

The sweetest reward earth offers, for the striving does not pay,

And only the great Law-Giver, who sees every tearful eye,

Can make our footsteps certain, and claim us by and bye.

With Edged Tools

By HENRY SETON MERRIMAN
Author of "The Sower," "Buddha's Corner,"
"From One Generation to Another," etc.

Maurice Gordon made a little movement of the shoulders as indicating a certain uneasiness, but he said nothing.

There was a pause of considerable duration, at the end of which Duruovo produced a paper from his pocket and threw it down.

"That's good business," he said. "Two thousand trucks," murmured Maurice Gordon. "Yes, that's good. Through Akmed, I suppose?"

"Yes. We can outdo these Arabs at their own trade."

An evil smile lighted up Duruovo's yellow face. When he smiled his drooping, curtain-like mustache projected in a way that made keen observers of the human face wonder what his mouth was like.

Gordon, who had been handling the paper with the tips of his fingers as if it were something unclean, threw it down on the table again.

"Yes," he said slowly, "but it does not seem to dirty black hands as it does white. They know no better."

"Lord!" ejaculated Duruovo. "Don't let us begin the old arguments all over again. I thought we settled that the trade was there. We couldn't prevent it, and therefore the best thing is to make hay while the sun shines and then clear out of the country."

"But suppose Meredith finds out?" reiterated Maurice Gordon, with the lamentable hesitation that precedes loss.

"If Meredith finds out it will be his worst for him."

A certain concentration of tone aroused Maurice Gordon's attention, and he glanced uneasily at his companion.

"No one knows what goes on in the heart of Africa," said Duruovo darkly. "But we will not trouble about that. Meredith won't find out."

"Where is he now?"

"With your sister at the bungalow. A lady's man—that is what he is."

On hearing that Jack was at the bungalow with Jocelyn, Maurice Gordon glanced at the clock and wondered how he could get away from his present visitor. The atmosphere of Jack Meredith's presence was preferable to that diffused by Victor Duruovo. There was a feeling of personal safety and dignity in the very sound of his voice which set a weak and easily led man upon his feet.

But Victor Duruovo had something to say to Gordon which circumstances had brought to a crisis.

"Look here," he said, leaning forward and throwing away the cigarette he had been smoking, "this scheme is going to be the biggest thing that has ever been run on this coast."

"Yes," said Gordon, with the indifference that comes from nonparticipation.

"And I'm the only business man in it," significantly.

Gordon nodded his head, awaiting further developments.

"Which means that I could work another man into it. I might find out that we could not get on without him."

The black eyes seemed to probe the good natured, sensual face of Maurice Gordon, so keen, so searching was their glance.

"And I would be willing to do it, to make that man's fortune, provided that he was my brother-in-law."

"What the devil do you mean?" asked Gordon, setting down the glass that was half raised to his lips.

"I mean that I want to marry Jocelyn."

And the modern school of realistic, mawkishly foul novelists, who hold

"Heiden," he said, "I may succeed without any of that—eh?"

that love exerts all, would have taken delight in the passionate rendering of the girl's name.

"Want to marry Jocelyn, do you?" answered Maurice, with a derisive little laugh. On the first impulse of the moment he gave no thought to himself or his own interests and spoke with undisguised contempt. He might have been speaking to a beggar on the roadside.

Duruovo's eyes flashed dangerously and his tobacco stained teeth clutched for a moment over his lower lip.

"That is my desire and intention."

"Look here, Duruovo," exclaimed Gordon, "don't be a fool. Can't you see that it is quite out of the question?"

CULINARY QUEEN PASSES TO REWARD

New Orleans' Famous Cook Ends Her Services.

Diplomats, Rulers, Artists and Soldiers Fell Victims to Her Vands.

INVENTED HER OWN DISHES.

New Orleans, Oct. 23.—Mme. Elizabeth Begue, the queen of the culinary art in New Orleans and owner of the celebrated Begue restaurant, where poets, painters, novelists, diplomats and even rulers of the people have been entertained at breakfast for the last thirty years, is dead at her home in this city, aged 73 years. Her demise closed a long and eventful career, forty-five years of which were spent in educating and edifying her fellow creatures in the science of good living.

The name Begue (pronounced Begay) has been associated with the highest expression of epicureanism, not only with the people of that city, but with men and women, some of whom are famous in artistic and literary circles throughout the world.

Invents Own Dishes. Mme. Begue was born in Bavaria. She came to New Orleans in 1853 as Miss Elizabeth Kellenring, and in 1877 she was married to the man who assisted her in the preparation of the meals which made both of them famous. Together they planned and concocted the most wonderful and appetizing dishes, many of which were originated by them and copied by chefs the world over. The name Begue was synonymous with high living here, and no person of wealth or position could afford to miss one of Mme. Begue's breakfasts.

She was an indefatigable worker, as she invariably did most of the cooking herself, assisted by M. Begue. She would often be found bending over a hot fire putting the finishing touches to the dishes her patrons would come miles to enjoy, and only during the last five months did she abandon her work on account of advanced age and poor health.

Flue China Lacking. The quarters occupied by Mme. Begue's restaurant are old and lack modern conveniences. She served only one meal, and that was breakfast at 11 o'clock, which usually lasted for nearly three hours. Only the plainest tableware and glasses were used, and the drinking water was placed on the table in ordinary claret bottles. Only a person of her reputation and ability could successfully offer such poor surroundings, but the deliciousness and originality of her dishes counteracted what was lacking in display.

Among the celebrities entertained at Begue's restaurant was Mrs. Nicholas Longworth, and others included the late Eugene Field, Frederick Warde, Louis James, Julia Marlowe, Lewis Morrison, Henry Clay Barnabe, Sol Smith Russell, Jennie Wild and scores of others equally as famous.

Broke—He Committed Suicide. London, Oct. 23.—Within an hour after posting notice of his suspension from business, P. MacPadden, head MacPadden & Company, bankers, whose failure was announced Saturday, killed himself by jumping under a train in the subway. Recent cotton heavy one causes failure.

Children Strike. Berlin, Oct. 23.—Practically one million school children of Polish extraction in the eastern provinces of Germany are on a strike and refuse to attend school, owing to an attempt of the German government to compel the use of the German language.

Official Forecasts. The Ohio at Evansville and Mt. Vernon will continue falling during the next two or three days. At Paducah and Cairo, no material change during the next 24 to 36 hours, with a falling tendency at Cairo, during the next 24 hours.

The Tennessee at Florence will fall today. At Johnsonville will continue rising during the next 24 hours.

The Mississippi from Chester to Cairo will continue falling slowly during the next 24 hours.

ROOSEVELT AIDS FELON'S WIFE. Plea for Convict Husband Results in Order for Liberation.

Pittsburg, Oct. 23.—On Monday morning, just two years to the day from the time he entered Riverside penitentiary as a convict, James H. Ekas, former bookkeeper of the Tarentum National bank will be liberated on orders from President Roosevelt.

Ekas was convicted for embezzling \$5,000 and sentenced to five years in prison. His health has been failing and his wife went to President Roosevelt in person and obtained his promise to look into the matter. The result was that Warden Johnston today received orders to release Ekas.

President to Open Exposition. Washington, Oct. 23.—It is officially announced at the White House today that President Roosevelt will open the Jamestown exposition with a speech April 26 next.

Drunk Pabst Beer With Your Meals

It is rich in the food elements of Pabst exclusive eight-day malt and the tonic properties of choicest hops. It nourishes the whole body.

Pabst eight-day malt gets all the good out of the barley into the beer.

Pabst Blue Ribbon

has highest food value because made from Pabst eight-day malt. This, together with many exclusive features of the Pabst brewing process, gives it that rich, mellow flavor found in no other beer.

Pabst Blue Ribbon Beer is always pure and clean, the most healthful beer and the best to drink. It is the beer for your family to drink—the beer to keep on hand in your home.

Nashville	10.2	0.3	fall
Pittsburg	7.9	0.4	fall
Davis Island Dam	7.1	0.5	fall
St. Louis	6.6	0.2	fall
Mt. Vernon	8.0	0.3	fall
Paducah	9.6	0.2	fall

The gauge registered a stage of 9.6 this morning, a fall of 0.2 in the last 24 hours. Weather clear and warm and business at the wharf was quiet.

The Coronado arrived from Pittsburg last night and will lie up here for several days, awaiting a party from Pittsburg. The boat will then leave for the White river in Arkansas on a hunting trip. The Coronado is a good looking stern wheel boat built along houseboat lines. Hunting trips are made annually by the owners of the boat.

The Major Mackenzie returned from Cairo last night. The river lights and conditions have been inspected from Louisville to Cairo. After taking on coal the Major Mackenzie will return to Louisville.

Only the Georgia Lee will be run in the Cincinnati-Memphis trade for the next several weeks. The Peters Lee will not start out for some time. The Georgia Lee will leave Cincinnati Wednesday evening and arrive here Friday on the down trip to Memphis.

The Joe Fowler will re-enter the Evansville trade the last part of this week or the first part of next week. The Dunbar will drop out and the name Begue was synonymous with high living here, and no person of wealth or position could afford to miss one of Mme. Begue's breakfasts.

The Illinois Central tug, Lizzie Archbold, will be taken out on the dry docks for repairs tomorrow. The gasoline tug Antoinette will be let off today and will return to Mound City.

The City of Salfillo arrived out of the Tennessee yesterday evening at 6 o'clock and left after unloading for St. Louis. The Salfillo brought one of the first signs of Christmas, a shipment of mixed nuts.

The Bernice did not get away till today for the Tennessee river.

The Duabar arrived this afternoon from Evansville and left immediately for the same point.

The Clyde came out of the Tennessee river last evening with the Salfillo and is now at Joppa delivering freight. The Clyde will leave tomorrow evening for the Tennessee river.

The Buttrif will arrive early tomorrow from Clarksville and leave Wednesday at noon for Nashville.

The wharf on the left hand side of Broadway is especially unsightly now, being littered with driftwood left by the falling river. The banks too are caked with mud. Only that part of the wharf between Broadway and Kentucky avenue is respectable looking. Passengers from Memphis, Cincinnati or St. Louis sometimes get the only impression of Paducah they have from this wharf.

It. F. Kelley has filed suit against the Ryman Steamboat company for \$10,000 damages at Dover, Tenn. He is one of the three brothers who engaged in a fight with Clerk L. T. Connors on the boat here, resulting from Kelley's mistaking state rooms when he desired to change shoes. The case was aired in the police court here and two of the Kelley brothers with Connors were held over to the grand jury for malicious assault.

EARL OF LOVELACE CREATED SCANDAL

Published Book to Prove His Grandfather Scoundrel.

Lord Byron's Descendant Also Had Royal Blood in His Veins and Some Red.

DROPS DEAD IN HIS CASTLE.

London, Oct. 23.—The other day the Earl of Lovelace fell dead from heart disease on the veranda of his beautiful mansion near Ripley, in the county of Surrey, forty or fifty miles from London. He was a sonless widower, 77 years old so that the titles and estates pass to his half-brother, Captain King-Noel, of his majesty's army, now on the retired list. The earl was a man of remarkable traits, eccentric habits and most distinguished ancestry. He was descended direct from King Henry II, by Lady Catherine Grey, sister of Lady Jane Grey. Among other ancestors were John Locke, metaphysician and philosopher and author of a volume entitled "Locke on the Understanding," that has brought distress into the lives of college students for a century and a half. Peter King, who was lord chancellor for many years in the early part of the eighteenth century, was another of his forefathers. But perhaps the best known in the long list was Lord Byron, the poet, whose daughter, Lady Westworth usually known as Ada Byron, was his mother. Ada Byron was the only child of the poet who deserted her mother when she was only a month old and never saw her afterward. Nevertheless, he frequently mentioned her with affectionate remembrances and dedicated to her "Child Harold," perhaps the greatest of his poems.

The late Earl Lovelace created one of the greatest sensations ever experienced by the literary world many years ago, and shocked the sensibilities of aristocracy of England, who are usually loyal to their own sinners, and keep their skeletons locked up in cupboards as securely as possible. He published a book to prove that his grandfather was an infamous scoundrel, and was eminently successful.

In 1869 Harriet Beecher Stowe charged that Lord Byron abused his wife in a brutal and inhuman manner, and declared that she lived a life of martyrdom until she deserted her and went to live with another woman in Italy. Until Mrs. Stowe made this attack it was universally understood that the separation from his wife was due to the eccentricities of genius, to the restless habits of a most amiable and charming man who fell in love with everybody and caused all to fall in love with him.

A profound sensation was created. A battalion of defenders arose in various parts of the earth and fought valiantly in defense of the poet's reputation. When the controversy was hottest it was announced that Lord Lovelace, the grandson of Byron, had discovered documentary evidence from the family records which would vindicate the honor of the family.

WATER CONTRACT TO BE VOTED ON AT THE NOVEMBER ELECTION

REPORT OF JOINT LIGHT AND WATER COMMITTEE ON NEW CONTRACT BETWEEN THE CITY OF PADUCAH AND THE PADUCAH WATER COMPANY.

Owing to the fact that the contract, existing between the city of Paducah and the local water company for fire hydrants expires during the current month it was incumbent upon the general council to negotiate for such service covering the remaining period which the franchise of the water company still has to run, to-wit: eighteen years.

After several conferences between the joint light and water committee and the officers of the water company a scale of rates for fire hydrants was agreed upon by the committee and the water company. These rates have been embodied in a contract which will be submitted to the general council for such action as the wisdom of that body may determine. If the proposed contract is favorably acted upon by the general council, it must be submitted to the voters of the city at the next election and affirmatively ratified by not less than two-thirds of the vote then cast upon the question before the contract between the city and the water company can be finally executed.

It is therefore worth while for the voters of the city to carefully consider the terms of the proposed contract before casting their votes at the coming election, and if it appears that the proposed contract is to the advantage of the city, then to register their approval thereof upon their ballots.

In order that the voters may have an opportunity to become fully advised regarding the terms of the proposed contract a copy of the same is herewith submitted which reads as follows:

"Section 1. That the City of Paducah, Ky., agrees to rent and does hereby rent from Paducah Water Company, its successors and assigns, four hundred and eleven (411) double nozzle fire hydrants now established in said city for a period of eighteen (18) years from the passage and final approval of this ordinance, after an election by the people as hereinafter provided. The annual rental for each of said fire hydrants, which the city of Paducah hereby agrees to pay for the first ten (10) years of said term, shall be twenty (\$20.00) dollars and the annual rental for the remaining eight (8) years shall be fifteen (\$15.00) dollars, unless the said city shall sooner purchase water company's plant, with six (6) per cent interest upon deferred payments. The payments of said rentals shall be made as provided in the original ordinance contract.

"Section 2. All additional hydrants on extensions of mains that may be erected hereafter by the Paducah Water Company, its successors or assigns, as provided in the original ordinance contract during the said eighteen years, shall be charged and paid for as provided in section one hereof; but at the expiration of ten (10) years from the time this ordinance shall have been finally approved as set out above, all the then fire hydrants shall be charged and paid for at the uniform rate as above provided and the contract therefor shall expire at the end of the eighteen years fixed in section one.

"Section 3. Before this ordinance shall become effective it shall be submitted to a vote of the qualified voters of the city of Paducah, Ky., at the general election to be held in said city on the 6th day of November, 1906, the said vote to be taken in the manner and as provided by law for the submission of public questions to the voters of said city.

"Section 4. This ordinance shall take effect and be in force from its passage approval and ratification by the qualified voters of the city of Paducah, Ky., and a written acceptance of its terms and conditions by the Paducah Water company filed with the clerk of the city of Paducah, Ky., within ten (10) days after the official certificate of its approval at the popular election."

At the present time the water company has installed for the use of the city 411 fire plugs, which under the old contract are rated and cost each year as follows:

150 fire plugs at \$40.00...\$6,000.00
30 fire plugs at \$30.00... 900.00
231 fire plugs at \$25.00... 5,775.00

Total...\$12,675.00

Under the proposed contract this same service would cost the city but \$8,220.00 for each of the first ten years of the contract a saving upon the number of hydrants now installed of \$4,455.00 per annum and for the ten year period a saving of \$44,550.00.

For each of the last eight years which the franchise has to run, the cost for 411 hydrants would be \$6,165, a saving to the city of \$6,510 per annum or of \$62,085 for the entire eight years of the franchise, making a total saving to the city between the existing contract and

the proposed contract of \$96,630.

There is nothing contained in the proposed contract changing the rights of the city or those of the water company under the original franchise. The city still retains the right to purchase the water company's plant at the expiration of each five year period in accordance with the terms of the original franchise.

This committee has also compared the rates contained in the proposed contract with those in effect in 127 other cities for the same class of service and finds the proposed rates lower than those paid by any of these cities. The approximate average cost per hydrant in the number of cities mentioned above is \$18.

The rates referred to were submitted by the local water company and this committee assumes that the figures are correct. The list of the cities with the rate paid in each is on file with this committee and anyone desiring to verify the figures contained therein may have the opportunity of doing so at any time.

It should also be borne in mind that until a new contract is entered into between the city and the water company, that the rates charged under the existing contract will maintain. The only alternative offered to escape from the old rates are either to make a new contract or to discontinue the service, the latter, of course, being quite impossible.

Therefore this committee has no hesitation in recommending to the general council and to the voters of the city of Paducah that the proposed contract be ratified.

JOINT LIGHT AND WATER COMMITTEE.

Notice to Contractors. Wallerstein's Bells Prizes for the Best Two

Probably, every man, woman and child in Paducah knows of the great success of our "at home" last Thursday, and the hit we made with our souvenir bells.

You could see, and hear them all over the city; the aldermen were disturbed in their deliberations, and called on the chief of police to quiet the racket, and many a sleeper awakened by "the tinkle of the bells," Wallerstein's bells.

The incident was deemed worthy of notice by the newspapers and has suggested an idea to us. We want a composition, or story, as the newspapers call it, or a verse upon it, and shall offer two prizes of five dollars in gold each for the best article written by a girl and the other for the best article written by a boy. The composition to contain two hundred words or less.

The contest is open to every school boy or girl in Paducah, and the contributions must be in our office by Saturday at noon. Mr. H. B. Wilson, editor of the News-Democrat, and Mr. L. V. Armentrout, of The Sun, will be the judges, and make the awards, and the prize contributions will be published early next week.

Read the announcements of the opening in the afternoon papers of Wednesday and Thursday, and the newspaper comments on the incident in Friday's papers for material for your composition.

EXHAUST SUPPLY OF WORLD'S WOOD

Scientists See A New Danger
For Future Generations.

United States Has Not Sufficient for
Her Own Needs and Draws on
Canada.

SOME STARTLING FIGURES.

Washington, Oct. 23.—With the world, so the scientists figure, nearing the brink of a famine in iron and a shortage in its coal supply, it develops that the stock of wood is also in serious danger of giving out.

Consul William G. Telchman, writing from Elberstadt, in Saxony, to the state department, discusses this subject of the world's supply and finds it diminishing at an alarming rate.

It was expected that when coal came in as a substitute for wood the demand for wood would diminish. Instead, this demand has gone on increasing.

The North American problem is not a light one. Once the United States has the possible wood storehouse of the world but it has not enough now to supply its own demand though having 506,555,000 acres of wooded area. It is dependant upon Canada, which with its 798,133,000 acres of forests, represents probably the largest single area of any country in the world. Canada sends its entire surplus to the United States.

Mr. Telchman says that although large territories of forests especially in China, Korea, India and South America remain to be utilized it is certain the question of the future wood supply of the world, now attracting the attention of economists, will continue to excite great interest.

"The continuation of the present wood consumption without comprehensive reforestation, will within a century at the very latest, result in a great and very important scarcity of the wood supply," predicts Mr. Telchman.

Some details of wood consumption are given in the report. Mr. Telchman says the coal mines of Belgium called for 1,742,749 square yards of wood for the various purposes to which wood is put in mines in 1903. Each year a renewal of old supports is taking place and new ones are being put into new galleries. Railroads eat up enormous quantities of wood in crossties. Add to these wood for excelsior, newspaper, bungs, etc., one will have tons running into millions each year. Importations of wood by some of the European countries are heavy, England leading with imports of 16,212,500 yards per annum. Germany is second with 11,766,667 yards, and France third with 8,196,300 yards.

Russia leads European countries in exportation of wood, sending out 9,544,474 cubic yards per year. This does not include Finland, which alone exports 4,000,000 cubic yards, and Austria-Hungary third with 6,928,260 yards.

North America, Siberia, Africa, India, China, Korea and South America still contain great unutilized and almost unknown forests. "Nevertheless," advises Consul Telchman, "it would be well not to exaggerate the dimensions of these wood supplies."

"Many African forests are really composed of nothing better than thin bushes, and Siberia is already being systematically subjected to deforestation, which will also begin in Korea in the near future."

TWO STORKS GIVEN ROOSEVELT

Birds Said to Be Kaiser's Gift, Arrive on Liner Amerika.

New York, Oct. 23.—Two storks a gift to President Roosevelt, arrived today on the steamship Amerika. Consigned to the American Express company, which will forward them to Washington, the two birds were put in the care of Chief Officer Reuss by Mr. Hagenbeck, the animal dealer of Hamburg, who is said by Mr. Reuss to be the donor though a persistent rumor on shipboard had it that the actual giver is the emperor of Germany, who takes this method of encouraging the well known anti-race suicide views of the president. Caged in an open crate the storks, one a male and the other a female, passed most of their time on the boat deck about the pilot house, where in spite of a sign on their habitation "Take care, they will bite," they became the center of interest for the first cabin passengers.

Man With Value of Securities Professes Ignorance of Contents.

Cleveland, Oct. 23.—Arrested in a railroad camp near Mayfield, Ohio today with a valise containing \$24,000 of negotiable securities, Leslie O'Dell, of Parkersburg, W. Va., professed ignorance of the contents. He said he supposed the valise contained a toothbrush, collar and shirt. The valise is the one which George L. Bell of Akron, reported had been taken from him while riding on an interurban car by a stranger who occupied the same seat and who also had a valise. O'Dell will be held pending investigation.
